

Coolmath LLC Accessibility Conformance Report

(Based on VPAT Version 2.5)

Product Information

Product: Coolmath Games

Platform: Web

Report Date: October 2024

Contact: support@coolmath.com

Product Description: Games Publishing Website

Note: This report covers accessibility conformance for published pages accessible to end users on the CoolmathGames.com domain when using standards-compliant browsers and/or screen readers. This report does not discuss the design or testing environments or other portions of the website not intended for use by end users.

Evaluation Methods: Conformance to the standards below has been evaluated by both automated analysis tools and manual testing using assistive technologies.

Applicable Standards/Guidelines

This report covers the degree of conformance for the following accessibility standard/guidelines:

Standard/Guideline	Documentation in Report
Web Content Accessibility Guidelines 2.2	Level A - Yes Level AA - Yes Level AAA - No
Section 508 Standards	Yes
EN 301 549 v3.2.1	Yes

Terms

The terms used in the Conformance Level information are defined as follows:

- **Supports:** The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- **Partially Supports:** Some functionality of the product does not meet the criterion.
- **Does Not Support:** The majority of product functionality does not meet the criterion.
- **Not Applicable:** The criterion is not relevant to the product.
- **Not Evaluated:** The product has not been evaluated against the criterion. This can only be used in WCAG 2.2 Level AAA.

WCAG 2.2 Report

Tables 1 and 2 also document conformance with

- EN 301 549:
 - Chapter 9 (Web)
 - Chapter 10, Sections 10.1-10.4 (Non-Web Documents)
 - Chapter 11, Sections 11.1-11.4 (Non-Web Software)
 - Chapter 12 (Documentation)
- Section 508:
 - Chapter 5
 - 501.1 Scope
 - 504.2 Content Creation or Editing
 - Chapter 6
 - 602.3 Electronic Support Documentation

Note: When reporting on conformance with the WCAG 2.2 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the [WCAG 2.2 Conformance Requirements](#).

Chapter 3: [Functional Performance Criteria \(FPC\)](#)

Criteria	Conformance	Remarks/Explanations
302.1 Without Vision	Partially Supports	Screen reader users may experience some difficulty understanding some controls, control states, and changes in page language as noted in Table 1 and Table 2.
302.2 With Limited Vision	Partially Supports	Users having limited vision may encounter some content that is difficult to perceive or interact with as noted in Table 1 and Table 2.
302.3 Without Perception of Color	Partially Supports	Users without perception of color may encounter some content that is presented via color that is not provided in a visual mode that does not require perception of color as noted in Table 2.
302.4 Without Hearing	Supports	The core product does not require the use of hearing, however gameplay experience may be affected.
302.5 With Limited Hearing	Supports	The core product does not require the use of hearing, however gameplay experience may be affected.
302.6 Without Speech	Supports	The core product does not require the use of speech.
302.7 With Limited Manipulation	Partially Supports	Users with limited manipulation may encounter some content that may not be easily used with a keyboard or other pointer device.

302.8 With Limited Reach and Strength	Supports	The Coolmath Games product supports standard input mechanisms such as user-provided keyboards, pointing devices and speech recognition. Usage of the product does not require reach or level of strength.
302.9 With Limited Language, Cognitive, and Learning Abilities	Partially Supports	Users having limited language, cognitive, and learning abilities may encounter some content that is difficult to perceive based on the order in which it can be accessed, some keyboard interaction patterns, and control names, roles, or states as noted in Table 1 and Table 2.

Chapter 4: [Hardware](#)

Note: The Coolmath Games product is considered as web software and is not subject to the requirements of this section.

Chapter 5: [Software](#)

501 - [General](#)

Note: See WCAG 2.2 report for compliance information.

502 - [Interoperability with Assistive Technology](#)

Note: As a result of conformance to Level A and Level AA success criteria of WCAG 2.2 (and therefore also WCAG 2.0), 502 compliance is inferred.

503 - [Accessibility Services](#)

Note: As a result of conformance to Level A and Level AA success criteria of WCAG 2.2 (and therefore also WCAG 2.0), 503 compliance is inferred.

504 - [Authoring Tools](#)

Note: This section is not applicable to the Coolmath Games product.

Chapter 4: [Functional Performance](#)

[4.2 Functional Performance Statements](#)

Criteria	Conformance	Remarks/Explanations
4.2.1 Usage Without Vision	Partially Supports	Screen reader users may experience some difficulty understanding some controls, control states, and changes in page language as noted in Table 1 and Table 2.
4.2.2 Usage with Limited Vision	Partially Supports	Users having limited vision may encounter some content that is difficult to perceive or interact with as noted in Table 1 and Table 2.
4.2.3 Usage Without Perception of Color	Partially Supports	Users without perception of color may encounter some content that is presented via color that is not provided in a visual mode that does not require perception of color as noted in Table 2.
4.2.4 Usage Without Hearing	Supports	The core product does not require the use of hearing. Gameplay experience may be affected, however game content is moderated to minimize reliance on auditory information.

4.2.5 Usage With Limited Hearing	Supports	<p>The core product does not require the use of hearing.</p> <p>Gameplay experience may be affected, however game content is moderated to minimize reliance on auditory information.</p>
4.2.6 Usage with No or Limited Vocal Capability	Supports	The Coolmath Games product does not require the use of speech.
4.2.7 Usage with Limited Manipulation or Strength	Partially Supports	Users with limited manipulation may encounter some content that may not be easily used with a keyboard or other pointer device.
4.2.8 Usage with Limited Reach	Supports	The Coolmath Games product supports standard input mechanisms such as user-provided keyboards, pointing devices and speech recognition. Usage of the product does not require reach.
4.2.9 Minimize Photosensitive Seizure Triggers	Supports	The Coolmath Games product does not use flashing interface elements and game content is moderated as much as possible to provide a safe environment for users with relevant disabilities.
4.2.10 Usage with Limited Cognition, Language, or Learning	Partially Supports	Users having limited language, cognitive, and learning abilities may encounter some content that is difficult to perceive based on the order in which it can be accessed, some keyboard interaction patterns, and control names, roles, or states as noted in Table 1 and Table 2.

4.2.11 Privacy	Supports	The Coolmath Games product does not impede usage of standard privacy controls alongside assistive technologies. For example, users can connect a headset for private listening to screen reader announcements.
